

Happy Valentine's Day, Gardner MA

**by
Werner Poegel**

**To Gardner I send this Valentine
Chair City of the Heart of Mine.
A Community of Diverse Progress.
A Place of Tremendous Influence.**

**To many who have lived here long
Gardner sings its own love song.
To those who begin life here anew
You'll find so much to say and do.**

**Gardner Schools excel at teaching.
Gardner clergy now are preaching.
The goals we have are ever reaching
Excellence sought always beseeching.**

**Meetings start with a spiritual Heart.
And smiles abound at the local Mart.
Gardner to Live, Work, and Play.
Gardner getting better every day.**

**So how can we love a City so much?
It has a feel but not tender touch.
Maybe it's the people who care.
Or that we feel love everywhere.**

**I submit you certainly can
Send a Card to a City then.
Happy Valentine's Day Chair City
As a place you are so pretty!**
