

Gardner MA Conservation Commission 9-12-22

Transcription: This is an automated transcription of a very hard-to-understand conversation. Was it a meeting? Or wasn't it?

But he couldn't ,
he couldn't hear .

He said there was no roll call .

And honestly i haven't done in a while ,
but we have .

We have .

Yeah .

So that was one of his other issues that you didn't know who was
on .

So we need to become the response back ,
which we do have in front of us .

You want to read this or you mean basically the highlights are on the
yellow ?

It wasn't .

Anything we did on this wasn't any no harm ,
no foul we were trying to obviously allow people to not hear us do
the best we can to set up ,

but i don't understand ,
you know ,

where the breakdown was ?

Was it technology ?

Was a zoom ?

Was there ?

We started to get on zoom ?

It was .

It was a challenging meeting .

Yeah ,

and i just feel like i'm not sure we're getting the support we need to have these meetings .

Yeah ,

i know .

Other commissions ,

i believe ,

have someone come set it up for them .

What is not reported by the newspaper or public cable tv ?

I don't like the second to the bottom .

All right ,

right here .

Yeah ,

that's why a violation ?

I mean ,

violation .

Yeah ,

it was a serious issue .

You will be able to correct in a timely fashion .

Yeah ,

we don't try to join the move things around .

I explained that to the bear .

I had a conversation with him about it .

My background .

You tried ?

I tried .

I literally lost all of my previous call .

I deleted my account for work .

That's all that we struggle to get through .

I mean ,

i talked to the mayor .

I brought home chords that's my coach from my house has been hanging here ,

so we're doing what we can do .
But on this particular night ,
there must have just been some issues with the zoom connection ,
because ,
like i said ,
my others on the call didn't say they could .
They had trouble hearing that they could hear .
So that's mrs mayo's complaint we have about fourteen days to
respond ,
so we did come up with a response .
Did everybody see that response ?
Everybody agrees to that response that's all the news and all the
minutes are up .
So this is the the response back .
I don't want me to read it a lot .
If everybody read it .
If you read it ,
i'm gonna moving forward ,
we're not going to have anybody from the public on the zoom call ,
or we can allow one person from the commission just because the
flexibility required .
Our lives are very short .
One person on the commission as well ,
so we're all trying to find somebody else ,
but this is the best we can do ,
and it's legal .
We can talk to the city solicitor's office as well and confirmed one
last time again ,
and we don't understand why we're doing so .
If someone would like to make a motion to approve the signature of
the response to mrs mayo in the use law violation ,
second motion ,

second ,

All in favor .

So i'll sign this and send it back to the city to try to process it and get it back out until tomorrow ,

you know .

Um ,

i just ,

you know ,

this is the apple daily news is printed with the green field paper , right ?

But ,

you know ,

yeah ,

same company .

And they ,

they ,

they put on an almanac of the year all of what they called the hill towns out there .

And ,

you know ,

and who's it like for this .

Now a lot of them have three main commissions .

Now i don't know what that is because you know that a small , you know ,

but they most of greenfield i think ,

is a sound like us ,

but the rest are all three men .

It's a full time .

No ,

no ,

no ,

no animations at all .

But most of them ,
they could all just post that they're looking for more .
They don't yeah ,
i don't know what they do ,
but i mean it's in our bylaws that's why ?
So it could be their bylaws all right .
Maybe it's per capita or something .
I don't know .
Yeah ,
maybe that's all i can think of .
I mean ,
some three hundred people .
Yeah .
Well ,
oh ,
wow .
But i picked up my hand because i was going through it all right .
Other than that ,
the next meeting is september twenty sixth ,
which is a little bit of time away .
We can't really deliberate about anything else coming up for that
meeting .
We did hire the agent .
Did you guys kind of give us a rundown of how that went ?
She has a lot of environmental background .
She's a little timid right now .
She's young .
I think she'll do well once she finds out the meetings are run and
what her job responsibility really is .
She's a little quiet ,
but she was a little nervous .
Yeah ,

i think you can be bullies too .

So it might be .

Yeah ,

but i didn't say .

She said she was nervous .

It was .

That was the only .

Yeah ,

yeah ,

yeah ,

it was .

You know ,

you give it time and some help from us .

I think she'll do .

Okay it does have a pretty good background .

Yeah ,

we love demolish that name right now .

I'm doing well .

I don't know .

Okay so i'd like to see her a couple of one or two weeks .

Yeah .

Trevor said that he had talked to her .

He thought she might have been trying to plan her tonight ,

even though she's not on board yet ,

that she was going to come .

And then lindsay ,

we should definitely do something that she is committed to ,

what you can do to support .

And i think that's ,

you know ,

that's something we should talk about too ,

is how much longer we're gonna keep katie on fridays i think we should keep going for a while , because between katie and lindsay , i think that she's going to learn a lot professionally and to help us with our lindsay .

Yeah ,
that was nice .

Yeah .

I don't know if i really like the process of how it was posted .

I don't think i ever met made a website .

So i did inform people up above us that situation ,
and to his credit ,

some of the ventures back and forth by emails he noted at the time it was posted in any other new business ?

What are we gonna do about the third party ?

You can't discuss that at all .

That's on the agenda ?

Well ,

i don't know why .

Because we can't deliver it on and discuss it .

You can do it next week .

Seven people like ,

yeah ,

thank you .

Alright no ,

no .

Oh ,

did you guys see that ?

Seven ?

Another fall conference .

Anybody planning to attend that ?

You know someone ?

Sure .
I know .
I'm not sure .
Let me know .
I'll go .
You go .
You went a couple of years ago with us .
It's good .
I mean ,
it is a long day .
Spring is bigger ,
but the falls ,
yeah .
Where the hell was it all ?
Is it ,
um ,
one of the colleges is right for us .
I can't remember the following .
Is or not ?
Yeah ,
i don't think it is a holy process here .
What do you want for the board of directors ?
If you want ?
Yeah ,
i want that on my set .
The first thing .
Oh ,
that's right .
Oh ,
it says ,
dude this was the spring .
I got another day .

You did ?

Yeah ,

i didn't .

Where do i want this ?

That's weird .

Are you doing that notification i just said it all weekend .

I don't know where i fall .

It's like that .

Let me know if you guys are interested in going .

No ,

that's what i'm looking for .

I'm thirty dollars .

Oh ,

that's .

So it's probably one of the hotels and the quad there by the gas station .

I remember that .

Wasn't that long ago ?

I remember .

Yeah .

Yeah .

We usually have a couple of people going every year .

Some of the classes are a little different than what we've seen in the past .

But yeah ,

let me know ,

because i will not be there .

That's me ,

unfortunately .

The last truck on next .

Let us know .

I mean ,

i think we still have time to do a job .

Who wants to go ?

And ,

you know ,

we should probably do .

They have the last agent ready to go ?

Yes ,

i think that'd be good .

I don't mind going if you can't go ,

but i think she should definitely attend .

She should probably closer than .

Yeah ,

no ,

she should probably take right away the same class that we took .

You took the class i would go to ?

Yeah ,

that was .

That was .

No ,

i don't .

What do they call the other one in the class that we all took ?

Yeah ,

yeah .

So next week ,

let's talk about voting to what if she needs to go to spend that kind of money ?

And i don't know if they've done an update on the blue book or not .

We should probably make sure that that doesn't update .

I haven't had a forever for a long time .

Before we get it ,

we get a link to share or something .

But as the commissioner's orientation ,

anything else ?

I want to go .

Well ,

call me on a new business .

How about the moment ?

Yeah ,

i mean ,

we still talk about that .

I mean business .

It didn't i call him ?

No ,

i told him like he said he would call .

No ,

that's fine .

What does it need to cut it and then cut it off ?

You know ,

i don't mind if you have his number with you ,

but you can call me and give me his number .

Call me on .

Yeah ,

we're gonna continue with this .

I understand .

He's gonna ,

he's gonna need to change his pricing diesel fuel and stuff like that .

The one thing we can't keep that for a while .

So ,

right ,

hey ,

you can't say that .

Is there anything that we can use for environmental ?

Can they use it and they use it ?

I don't know stumps eventually the stumps on my face .

But you know ,
to bring up that's how you rip up with it ,
that's how you tear up the equipment ,
the stumps yeah ,
that's true .
You know ,
like he said ,
you know ,
the last time he had a lot of them you know ,
just ,
you know ,
they came down on the ground .
Yeah ,
there's still definitely something there .
Yeah ,
yeah ,
there's something we should pay to have ripped out .
And i hate it .
I cut them off .
I can't take a machine ,
cut off ,
something to do for us now that dan has a cutter yeah ,
yeah .
I just think i need to look at the next time he cuts because they can
see him much better .
Okay right after you see it ,
you are looking at it .
It's only .
It's only in that lower area or seven hours .
Alright what else ?
Anybody else have to do business right there ?
Okay now in the audience .

Anybody in the audience ?

Everything .

Just if you haven't seen the new area for the road conservation area yet off of brookside drive ,
take a ride out there .

Power stone gravel did a pretty good job .

They moved an entire mountain of stone and stumps and all kinds of material and graded it .

I'm going to be seating it out there .

We've got pretty good sized parking area .

The neighborhood i drive at the end was big .

It was oh yeah .

Yeah .

It's like a nice little .

I heard a lot of good .

Yeah ,

it's really .

Yeah ,

it's really easy .

We just moved our trailhead from up on the hill with a high potential on the trail .

My son and my son is an eagle scout project .

Actually did the first trail through there back .

No ,

no ,

no .

This was donated by henry .

We close that deal on june thirtieth and gave us another fourteen or fifteen acres of almost two hundred acres an hour .

Oh ,

it's really nice .

Between this and the other work that was done there with crossings and trail work really is nice .

So ,
so if you have ,
yeah ,
check it out .

It looks pretty good .

It really pleased with the work they did .

They got right on it .

I mean ,

i was ,

i was really ,

i've used them a few times .

Yeah ,

yeah .

I thought it would take months to get him out to do that work ,
and he was up there like it's good for him .

It's good materials and it's clean .

Well ,

yeah .

So ,

you know ,

they do a lot of work with stone .

I'm not sure did that ,

but they ,

they have all different ways of slicing up stone years now .

Yeah .

And you know that's raw material for really ,

i didn't take more .

So you have some kind of decorative ,

a bunch of places around the parking area and things like that .

But ,

you know ,
we ,
you know ,
kind of looked at more hikes out there ,
guided hikes prowls you know ,
really it's a beautiful area .
Yeah ,
make sure i've got it in my backyard the past few weeks all night .
Nothing .
Okay just a quick question .
Any other thing on bailey park ?
No ,
okay no .
I did ask ,
though .
Was doing something with that phase two or something ?
But yeah ,
i'm just curious because it's like now ,
didn't they just open the doors for that ?
I think the ,
does it look like ?
Yeah ,
it's too bad .
But i don't look nice .
All right .
The second .
All in favor .
I thank you .
You've been in a while .
Yeah .
You say anything ?
No ,

we did already .
All right .
