Dear Postmaster General Doug Tulino,

Since the Town of Phillipston does not have a Post Office with our own zip code, I write this letter to express interest in the United States Postal Service providing us a Post Office. We will work to provide the necessary support and location to provide adequate space. The Town of Phillipston brought a question – Would you like the Town of Phillipston to have it's own zip code? The overwhelming support of 244 residents to the eleven that voted no. The small Town of Phillipston is sharing a zip code of 01331 with its' neighboring Town of Athol. Meanwhile, the Town of Templeton has three Post Offices with various zip codes.

We ask that you kindly consider our request for a Post Office with our own zip code and would appreciate any assistance that you can provide to make this a reality for our residents.

Sincerely,

Adam Lamontagne
Chief Administrative Officer
