Serial: A "Killer" Immersive Haunted House Experience Like No Other

This Halloween, fear gets personal.

Step inside the Murdock Whitney Mansion where history's darkest minds come alive. From Jeffrey Dahmer's kitchen to John Wayne Gacy's clown lair, from Dexter's kill room to Nurse Ratched's ward — you'll walk through the twisted corridors of real and fictional serial killers, brought to life in excruciating detail.

This year, we're trading jump scares for something far more disturbing: psychological horror. Flickering lights. Rotting smells. Unnerving silences. Unhinged whispers in the dark.

You won't just scream — you'll squirm.

Can you survive the mind of a killer?
